

## **9000 South at Monroe Street**

### **Project features:**

- Improved functionality at this busy intersection will make the entire roadway work better
- Decreased backing to and from the freeway will eliminate traffic congestion

**UDOT Region 2**  
2010 South 2750 West  
Salt Lake City, UT 84104

**Randy Park, Director**  
801 975-4805

**Jason Davis**  
**Asst. Director**  
801 975-4805

**Matthew Zundel**  
**Project Manager**  
801-887-3421

**Marwan Farah**  
**Resident Engineer**  
801 887-3415

### **Spot Improvement, Operational**

This project will improve the function of this busy intersection, which is currently experiencing extreme backing, especially during peak hours. Plans call for adding dual left turns from eastbound 9000 South to northbound Monroe Street, along with dedicated right turn lanes on the west, south and north legs of the intersection.

**Currently identified budget:** \$900-thousand

### **Legislative Districts:**

**Senate:** 8, 10

**House:** 41

### **Anticipated start date:**

**SUMMER 2008**

**Municipality (ies):** Sandy City, near South Jordan

NOTE: Schedule information listed above is estimated and could change without notice based on funding, scheduling constraints, stakeholder issues, and other unanticipated project elements.

**Take care of what we have • Make the system work better • Improve safety • Increase capacity**
